## About Universal Health Services

Founded in 1979 by Chairman and CEO Alan B. Miller, Universal Health Services (NYSE: UHS) is one of the largest [and most respected](#) providers of hospital and healthcare services in the U.S. and the United Kingdom. A pioneer and leader in the industry, UHS attributes its longevity and success to an unwavering commitment to putting patients first [in all the communities](#) we are proud to call home.

UHS and its affiliates provide superior quality care across 400 acute care hospitals, behavioral health and residential treatment facilities and outpatient centers across the U.S., Puerto Rico and the United Kingdom. UHS strives to be a provider and employer of choice and we are committed to continually enhancing our programs and service offerings to meet the needs of our patients, staff and partners. To this end, UHS consistently invests (including \$1.9 billion in the past three years) in facility and technology upgrades to drive innovation, improve safety and optimize the patient experience.

We also provide hundreds of millions of dollars annually in uncompensated/charity care, while also supporting and volunteering time with countless leading philanthropic organizations nationally and locally.

## **UHS Clinical Quality Reputation, Accomplishments and Awards:**

We have a longstanding, independently validated and evidence-based record of providing quality healthcare services to patients and their families:

- All UHS hospitals are fully accredited by independent organizations including The Joint Commission (TJC) and/or Commission on Accreditation of Rehabilitation Facilities (CARF), whose rigorous clinical assessment protocols are widely respected throughout the healthcare industry. Many facilities also hold advanced specialty accreditations.
- In the 40-year history of UHS, no facility has failed to be accredited or re-accredited by TJC or CARF.

### ***Behavioral Health Division***

- Between 2015 and 2019, UHS Behavioral Health (BH) facilities underwent 600+ TJC surveys with all achieving and maintaining accreditation.
- UHS BH facilities continue to routinely exceed the national average in HBIPS scores while also receiving other laudable distinctions. For example, in 2019, Hartgrove Hospital was the first hospital in the nation to be awarded a rigorous Disease-Specific Certification for Trauma-Informed Care from TJC.
- All UHS BH hospitals participate in CMS' Inpatient Psychiatric Facility Quality Reporting Program (IPFQR) used by over 1,600 BH hospitals across the U.S. to measure a broad set of evidence-based clinical practices linked to positive patient outcomes and are published on CMS' Hospital Compare web site. **UHS BH hospitals' aggregated results regularly exceed national and state averages and the scores of its major BH multi-facility competitors.**
- In 2019, nearly 370,000 UHS BH patients completed anonymous patient satisfaction surveys. On a five-point scale (1 being low and 5 being high), **UHS patients rated their overall satisfaction during this period at 4.5, with 91% indicating that they felt better after care.** And 86% indicated they would refer a friend or family member in need of care<sup>1</sup>
- In 2019, 171 UHS BH facilities representing 866 distinct treatment programs captured evidence-based clinical outcomes measures for 267,263 patients. UHS continues to dramatically expand use of these tools to benchmark performance and enhance our patients' quality of life. **In the past year approximately 75% of UHS BH patients exhibited statistically meaningful improvement.**
